

To our Friends and Supporters

On behalf of the Ironbound Community Corporation it is our pleasure to welcome you to our 20th Anniversary Celebration.

Since 1969, hundreds of people have given their time and energy building and participating in the Community Corporation's many successful neighborhood programs. We thank them for their contributions.

We also wish to thank our many friends and supporters who have been with us through the tough times and the good times. Their confidence and support helped us to accomplish all the good work we have done in the past two decades.

We are proud of our record and are happy to have been able to help thousands of people to have better lives. Today, we look to the future with great hope and much enthusiasm.

Sincerely,

Victor De Luca June Kruszewski
